(The census of Newton Township was dated 1 Aug. 1870 through 8 Aug. 1870. I think it was probably the last township to be enumerated and they were likely later put into alphabetical order - by township - as the certification for the entire county (115 pages total) is included on this last page of Newton Township.)

In researching the names in this record it is suggested that all possible spellings of a name be considered. In many places it has been difficult to read the handwriting on the microfilm and maybe the census enumerator spelled phonetically.

HAPPY HUNTING!
